Dear Senators McCain and Flake:

We are writing to express our strong support for all you are doing in tackling our country's immigration issues with a comprehensive and forward-thinking piece of legislation.

This bill will create much-needed jobs and modernize our country's outdated immigration system. By securing our border, creating a streamlined employment verification system, and reforming the legal immigration system, you are creating monumental changes that will help this country grow the right way.

Thank you both for representing Arizona with courage, honor and dignity.

Sincerely,
